AIM TO ANALYZE MARKET REPORTS

"Bulk of Sales" Quotations Are Likely to Prove Confusing to Many Farmers.

FIGURES WILL VARY WIDELY

On Day When Low-Grade Hogs Are Neglected Higher Grade Animals Are Finding Ready Sale at Attractive Prices.

(Prepared by the United States Depart-"Bulk of sales" quotations appear- more common biennial form, either as ing in live-stock market reports are single specimens or in small groups. likely to prove confusing to the farm- Seed of the annual has been separated, er who attempts to keep himself in- and in recent years it has been propformed on selling conditions, yet a present-day market report would not be complete without such quotations. If the farmer confines his attention only to "bulk" and "top" sales, and ignores the factors of quality and weight in the market receipts, he is almost sure to form a wrong opinion of the actual market conditions, say market specialists of the United States Department of Agriculture. May Vary From Day to Day.

Bulk of sales figures should always be studied in conjunction with the quotations on grades which are based on weight and quality. The bulk of sales figures may vary widely from day to day without indicating that the market is unstable. This situation frequently arises from a limited trade that high-grade animals are finding Sweet Clover Hay Curing in the Cock. ready sale.
